A BRIEF HISTORY . . .

The November Coaching weekend held at the Raywood Airfield has a long tradition. Way back in 1997 Phil Hearne (now deceased RIP) called the Bendigo gliding club to see if he could bring some pilots from his club - Beaufort Gliding, to our airfield over the Melbourne cup long weekend with the aim to introduce them to X/country flying in a good area . The date was set and they came and a good time was had by all . The tradition then continued for a long time with Phil leading the weekend with talks and lectures aimed squarely at the new comer to x/country . We even had Phil leading a lecture in Tai Chi exercises at one stage . Lots of fun and lots of education and encouragement was had.
